Initial here _____

Booking deposit, Payment, Contract, and Cancellation Policy: A non-refundable deposit of 50% is necessary to reserve your date; the remaining balance due to be received & **cleared (Cheques must clear business day before event date)** by the business day before the event. Credit cards will be processed between the Monday to Friday before the event. This excludes promotions, or discounts. If discount is applied, minimum $200 deposit is required for any equipment rentals. If a post-dated cheque cannot be provided, the entire amount is payable in advance. The post-dated balance is refundable with 60 days written notice on cancelled events. Prior to 60 days, all equipment is secured for your event and non-refundable deposit secures your rental. Within 60 days, our dealers have been paid and services have been scheduled, at which point host is subject any amount paid thus far. The client must also completely fill out, sign, and return the contract to Alberta Wedding Casino. ***Full payment(or deposit minimum) and completed signed contract are due within 7 business days of a request to book the package. A booking has not been made unless each of these requirements has been met, within the allotted period of time.*** Quotes are held for 24 hours for your approval, deposits must be processed to follow.

Changing the date or time of the event means that a cancellation has taken place: Sometimes, with advanced notice a time change may be able to be accommodated with over 60 days notice before staff, contracts or accommodations have been booked. This is subject to availability of each individual pre-scheduled staff/dealer/Dj/contract. The deposit cannot be refunded, and the balance cannot be refunded once paid at event time. In the event that CAFC is unable to perform at your event due to accident, illness, emergency, or mechanical failure of the vehicle, the dealer will contact other dealers to find a replacement; this contract will then become null and void, and balance will be either forwarded to the new dealer, or returned to the client. If an individual dealer cannot attend because of an unlikely catastrophic event, we would process a refund for the table for an unserviced table. In the event that no alternative replacement can be found, the client's balance will be for the equipment interrupted refunded to them CAFC within 14 business days of dealer's cancellation. The client assumes the risk of cancellation, and any loss of funds, if the dealer is unable to perform because of extreme weather conditions, terrorism, acts of war, etc. Neither deposit nor balance will be refunded if the dealer is unable to service at an event due to client's noncompliance with the terms of this contract. In the event we have been booked out of town, client takes the risk of highly unlikely weather cancellations. In the unlikely event space is not available for any/all tables to be used, this will result in regular full payment should we be on site with all equipment & dealers available.

Responsibilities of Client(s):

In order to perform at your event, the dealer requires:
All information required in this contract, including accurate address and location directions.

1) Deposit and post-dated balance.
2) A loading zone or parking area convenient and accessible to the performance location.
3) Wheelchair accessibility to the performance location, or an entrance with very few stairs/narrow passages. The client is responsible for arranging a contact person, to assist moving the table over a stair or step, and with all arrival, set-up and departure issues.
4) Rest Room access to any/all staff.

5) The table/gear to be located for the duration of the service on a safe, undisturbed level floor area, at least 9' x 7' area, away from blowing air, heating vents, burning or drafty fireplaces, other drafts, rain, mist or direct sunlight. (LED furniture is water resistant and proof in most cases)

6) Good, strong light that will illuminate the playing area (it is necessary to be able to see both the table & cards clearly).

7) An electrical outlet in which to plug in additional lighting if booked. Extension cords to table area if no outlet is available. We require all hosts to provide extension and/or power to the area.

8) A designated contact person to supply appropriate "cues" regarding timing of the performance, as well as any needed assistance to the dealer at the event.

9) Fresh drinking water, and/or non alcoholic beverage. Events at any time during hours of 10am2pm or 5-9 pm that may provide a dinner or snacks will open the option up for the individual dealer(s) or DJ/MC/Pit Boss. The dealers/dj etc will always go last in a buffet or plated setting after guests and use remaining food(s) or snacks. Dealers can simply eat at one of our own tables, so special arrangements needed. Events longer than 3 hours including setup/takedown that have any food service will be made available to the dealer(s) for health & safety. Any out of town events will offer the same and/or equivalent of any *available* snacks/foods as well for health & safety. Eg: 3 hours gaming +setup/takedown can be a 5 to 10 hour event based on event size. Dealer(s) or DJ etc may require a brief restroom break due to circumstances beyond our control.

10) For an outdoor event, the client must provide a dry water-proof shelter and floor. (LED furniture is water resistant and proof in most cases) Note that if a canopy or some other form of shelter is not provided, the table will not be set-up out of doors, even if the weather is fine. Payment will not be refunded in the event that the dealer cannot set up outside, due to client's non-compliance with the terms of this .

11) We are a equipment rental service only. The event host is required due diligence to ensure all tables are used in a funny money manner. We provide equipment rentals to venues looking to use for entertainment,

and engaging in any illegal gambling during a fun casino rental is against the law in accordance to AGLC. For rules & regulations, please speak to your local rep for questions. We provide entertainment, which cannot be paid for by patrons. Our tables may be used in a private setting, in a hall and or minors allowed. Any private bets (eg: cash bets from patrons at a poker table) is strictly prohibited and against the law. We will not allow this to take place at the table rentals.

Initial here_____

12) In the highly unlikely event that verbal abuse or physical abuse of the staff member(s) happens, this may cause for event manager to cancel your event without notice, and without refund. While we appreciate alcohol is a regular attendee of our fun parties, our staff cannot be verbally or physically made uncomfortable by any or all patrons. This is more common in a real casino, where the patron would be asked to leave. In a funny casino event, we may ask the host to remove the guest from the table or our dealers may switch out to accommodate.

13) On Site Staff are permitted to accept gratuities if the guests or hosts feel the contract dealers provided positive experiences in recognition for good service. While not obligated to do so, gratuities are appreciated by each individual.

14) **Speakers / Subs / AUDIO VISUAL equipment must never be stored below 0 degrees. In the event you transport the equipment in a cold environment, you MUST allow 5 hours minimum for equipment to warm up. Failure to do so will result in electrical equipment damage, and be subject to equipment replacement. A common error is leaving a sub in a freezing environment, and attempting to use for an event while cold. This generally will damage the audio cones & subs. Equipment must acclimatize to room temperature before using.**

Initial here – _____

Insurance:

The performer carries only full table & gear insurance; however, in the event of any abuse, neglect or accident by the client or the client's guests that result in injury to the dealer, his/her instruments or equipment, the responsible party may be held liable for all costs of the suit, including attorney's fees, that are not covered by the dealers insurance. Drinks are asked to be held by the patrons (similar to a real casino) and guests are asked to keep drinks in their hands.

Rental of equipment responsibility of host:

Any rental of equipment such as tables, chips, lights, PA system, subs, slots, coins, LED tower, lighting/smoke machines, chairs, bar equipment and/or any other items rented by CAFC to the host, is the responsibility to return the item in good order. Any items damaged by the host or its guests may be required to be replaced at the cost of the host, or individual responsible. In this unlikely event, CAFC will work to secure bulk pricing to ensure fair pricing is charged. Any equipment or gear not returned to CAFC by the host is the financial responsibility of the host for loss due to theft, damage etc.

In a setting where public is invited (ie: not a private party, staff party, private wedding etc) the host is required to provide on site security or LPO to each lounge provided. In a setting even as private, host is still responsible for any theft that may occur. In a nightclub or large venue setting, there may be 5 different rooms and 5 different lounges. Security must be provided for each lounge to ensure theft does not happen. Any theft is the responsibility of the host(s). If the host is sub-leasing the venue from a different business (eg: a host is renting a bar or hotel hall) then the host must ensure the venue has it's own security, or host must hire as needed to secure your rental. Having your own security will not exclude host from being responsible for loss of

goods, but is required to maintain a secure environment for your rental equipment.

Electrical Rental - Liability of host(s): The host(s) or customer is fully responsible for any bodily damage (not restricted to), damage to property or grounds etc for any reason caused by electrical equipment rental. Host(s) are responsible for ensuring power cables are brought to the area of desired setup, and host(s) are to plug in own rental equipment. We suggest having someone designated on site during any use of slot machines/lights/pa system and/or any other electrical devices. The responsibility of the host(s) is to rent the electrical equipment, and hold insurance for the property it is rented for. The equipment manufacturer and / or Central Alberta Fun Casino Inc or its employees cannot be held responsible or liable for any equipment rental malfunction, damage etc due to misuse, electrical issues, surges, shorts, acts of God, spark, arcing (but not limited to) etc. All equipment must be unplugged during our exit, and customer must block the area off from public, and customer must not operate the equipment. Extension cords provided by the host bust be labeled and secured against tripping hazards, Central Alberta Fun Casino Inc cannot be responsible should a guest trip over a chord, thus why the host is required to arrange the cords. By renting the electrical equipment, I hereby wave Central Alberta Fun Casino Inc or its contract workers or staff from liability and/or responsibility from the above (to any or all liability*). Electrical equipment cannot and will not be rented without acknowledgement and clearing Central Alberta Fun Casino of responsibility for any malfunction or misuse by event*. If you are renting a hall, the hall will have its own coverage for electrical devices. For home events, the home owner is responsible to acknowledge any and all risk(s) associated with electrical devices. There is an unlikely chance that a portion or piece of LED furniture may fail to fire. ALL equipment is tested daily before each rental. If you have booked on site staff, we will attempt to plug in, or replace the LED light internals as needed when available. While this is not a normal occurrence, there is a small chance if you book 20 pieces for example, while unlikely a piece may fail to fire. If you have not booked on site staff from our team, please reach out for technical support. While some hosts may not permit vendor support to be at a private event, we strongly encourage you book one of our staff for on-site assistance for larger events.

PACKAGE DESCRIPTION (LED / tables / games / size / equipment etc)
RENTED:_____

I have arranged a waterproof shelter and floor for the table(in most cases led furniture is waterproof or water resistant). If these items are not set up when the dealer arrives for my event, I understand that the delivery will not set up to service out of doors, and that all payment will be non-refundable. I have read, understood, and agree to all the terms as set forth above in this contract.
